## FOREWORD

Welcome to BUITEMS and its 10th Convocation. Today is a day of celebration, of joy, exuberance, and smiling faces. This is a ceremonious day of anticipation and optimistic expectations as we recognize the achievements of our graduands.

Today is a memorable day for all of us as over 700 of our PhD, MS, MBA and BS graduands will embark upon a momentous rising step-stone of their lives. Our graduands within the respective faculties come from diverse cultures of the region, manifesting BUITEMS a truly public university. This is the day we all take pride in achievements of our graduands and their ever toiling Faculty's hard work and successful endeavors.

Our Faculty has always imposed a challenge upon themselves to educate their students with commitment and dedication and inculcate in them the skills of critical thinking and scientific inquiry. Knowledge of latest advancements in their respective disciplines is an essential feature of curricula taught at BUITEMS. Learning at BUITEMS also nurtures and enhances the leadership skills of its students and builds an environment conducive to creation of new knowledge. We need visionary leaders and teachers to accept responsibility for bringing about significant changes essential for our development as a nation. The efforts of our Faculty, in this regard, have finally culminated today in shape of degrees conferred to their own well-taught students and this University is proud of them.

Heartiest congratulations to all graduands today. You have arduously proven yourself worthy of this crowning glory and we sincerely hope that your affiliation with BUITEMS will be unyielding and you will remember your alma mater with special affection and pride. We are also honored to welcome your families and friends to our celebrations.

Wish you all the success in your endeavors!

Message from  
**Honorable Mamnoon Hussain**  
President, Islamic Republic of Pakistan

I am pleased to know that Balochistan University of Information Technology, Engineering and Management Sciences (BUIEMS) has scheduled its 10th consecutive convocation.

On this auspicious occasion I wish to congratulate all graduating students their teachers, parents and all those who have contributed towards their success. I also wish to felicitate the management, faculty and staff of the University on achieving yet another milestone in their mission to serve the nation in the field of education.

Convocation marks culmination of industrious striving on the part of students pursuing a study program. It is also an occasion of stock-taking for the University and to plan for future success. It is encouraging to learn that the University is committed to become a leading University of the country offering education in Technology and Arts at undergraduate, graduate and post-graduate levels. I am also delighted to learn that BUIEMS is cognizant of need to invest maximum resources in hiring services of qualified and competent staff, continuously updating and improving curricula, promoting research on modern lines and expanding its academic programs. Besides, according equal attention towards personality development of the students and refinement is indeed very encouraging.

I take this opportunity to remind the graduating students of the new challenges and opportunities that they would be facing in their practical lives. I am confident that they have been adequately equipped to face the future challenges with the strength of mind and character. I sincerely hope that these graduates would not only come up with enviable accomplishments but would also earn honour and respect for their parents, teachers, their alma-mater and this country.

I wish the passing-out graduates all the best in future lives and professional careers.

Message from  
**Honorable Mian Muhammad Nawaz Sharif**  
Prime Minister, Islamic Republic of Pakistan

Let me take this opportunity to convey my felicitations to Balochistan University of Information Technology, Engineering, and Management Sciences (BUIITEMS) on holding its 10<sup>th</sup> Convocation this year. It is indeed laudable that this is the tenth Convocation BUIITEMS is holding in its existence of twelve years. I also appreciate that BUIITEMS is striving hard to impart quality education to its students.

Pakistan requires adequate skills to interact with global standards of professional excellence. In order to be successful we require being very well conversant with the fast developing variables of professional expertise and adapt to them with verve and tenacity. We cannot ignore that professional virtuosity is the only means to compete, survive and excel in every field of endeavor we venture into. The dynamism of futuristic societies lies in developing a keen sense of learning for the sake of transforming it into successful conduct. Advancement in research and technology has impressed upon us the need to be competitive enough to make our mark.

I am sure that the faculty and staff of BUIITEMS are fully aware of the challenges of professionalism lying ahead. I am also sure that the students of this august learning institution are also cognizant of the expectations of the nation. I am positive that the students who will be awarded academic degrees in this Convocation will go places in their professional careers and will keep the BUIITEMS standard flying high. I understand the feelings of the outgoing class and am sure they will always fondly remember their cherished alma mater.

I offer my tributes to Governor Balochistan and the Chancellor BUIITEMS, Mohammad Khan Achakzai, for patronizing institutions such as BUIITEMS with all sincerity. I also applaud the commendable efforts of the faculty in discharging its noble task with diligence and nobility. I offer my heartiest felicitations to graduating students and their families on this memorable occasion. I hope that they would face the challenges of life ahead with determination and commitment. I wish them all success in their professional and social lives. I hope they would come forward and play a positive role in national affairs with skills and knowledge they acquired at BUIITEMS.

**Message from**  
**Honorable Muhammad Khan Achakzai**  
**Governor Balochistan/Chancellor BUIITEMS**

It is a matter of immense pleasure that Balochistan University of Information Technology, Engineering and Management Sciences (BUIITEMS) is holding its 10<sup>th</sup> Convocation. Universities are required to provide quality education to their graduates, inculcate in them the skills and capabilities essential for playing effective role in extending human understanding, and contribute to society through research.

BUIITEMS has aimed at achieving these objectives by ensuring that every study program offered by the University is academically and professionally relevant to today's advancements in the scientific, technological and commercial demands of the contemporary world. I extend heartiest greetings to Vice Chancellor and his team and look forward to seeing more accomplishments in future. As a forward looking academic institution, BUIITEMS is consistently enhancing its learning environment and promoting growth in academic and research domains. Keeping in view the importance of extra-curricular activities for physical and mental growth of students, the University has developed necessary infrastructure comprising play grounds and a sports complex.

I would like to call upon the graduating students to remember that having graduated from the university puts greater responsibility on their shoulders as starting from today, they would be held responsible and accountable for the future well-being of the nation. They should believe in themselves and follow their dreams of undertaking ventures of national development which promise prosperity, happiness and peace for the region. I wish all distinctive successes in their new journey towards practical life.

Once again I extend heartfelt congratulations to BUIITEMS, to its faculty, administration and especially to the graduating students and their parents on achieving a prominent milestone.

**Message from**  
**Honorable Dr. Abdul Malik Baloch**  
**Chief Minister Balochistan**

Balochistan University of Information Technology and Management Sciences (BUIITEMS) Quetta is a reputable and leading Educational Institute of Balochistan rendering commendable services in equipping the youth of Balochistan with modern and professional education in distinct fields of Engineering, Information Technology and Social Sciences. The 10<sup>th</sup> Convocation of BUIITEMS is an important event where fresh graduates would get fruit of their labour and hard work. The Vice Chancellor Engineer Ahmed Farooq Bazai, the Administration and Faculty members deserve applause for it. Obtaining degrees on successful completion of academic courses is also a matter of honor for graduating students and their parents.

Education is inevitable for the development of a nation. Without education no country can dream of prosperity, stability and progress. We are living in an age of science and technology where the importance of education has increased manifold. The 4<sup>th</sup> American President, James Madison rightly said, "Knowledge will forever rule ignorance". The history of world bears testimony to this statement.

Those countries of world that are having high literacy rate and better educational standards are making tremendous progress and are dominating world politically and economically. On the contrary the countries with low literacy rate and pathetic educational standard are confronted with serious social, political and economic woes.

Our Holy religion also accentuates on education. It is the religion which commences with word "Read" and makes it obligatory on it's followers (both male and female) to acquire education. It equates educated people with those who are having vision and illiterate with those who are blind. It equally emphasizes on religious and worldly education. It is ironic that albeit we are followers of such golden religion but still we are having a deplorable standard of education.

Once again, I would appreciate the graduating students and their guardians for their successful efforts for earning this degree which is a sign of educational achievement in their lives and wish them all the best in their future lives.

**Message from**  
**Prof. Dr. Mukhtar Ahmed**  
**Chairman, Higher Education Commission**

I am pleased to learn that Balochistan University of Information Technology, Engineering and Management Sciences (BUIITEMS) is holding its 10<sup>th</sup> Convocation. This is an unforgettable moment for the graduating students who have earned the degrees by investing their precious time, their talents, their energies and most important of all hard work. Convocation day is not only a day of celebration and recognition of achievements for the university, students and parents, but it also marks the start of an equally important phase of responsibility in the life of the graduating students to take up innumerable professional responsibilities entrusted to them with energy, commitment and determination.

BUIITEMS is making a significant contribution in enhancing the quality of education by modern innovations and practices in the fields of Technology, Life Sciences, Social and Natural Sciences, Engineering and Management Sciences while keeping with the local values systems and contributing towards national development. The university produces graduates who are the flag-bearers and ambassadors of the values and practices of tolerance, professionalism, leadership and scientific attitude. I hope that the graduates who are passing out today would be able to shift their learning from the classroom to the quest for truth, knowledge and values that will enrich societal development. I earnestly hope that these graduates would also take up the challenge of bringing Balochistan and Pakistan at par with the leading countries in economic and social development.

On this important occasion, I would like to convey my best wishes to all the graduating students who will receive their hard-earned degrees today. The out-going young graduates of BUIITEMS are privileged to have received high quality education from one of the finest houses of learning, and they are among the best minds in Pakistan. I advise the students to continue their mission of lifelong learning as well as disseminating the acquired knowledge to others. I urge them to always make their alma mater proud of them. I would also like to extend my heartiest felicitations to the Vice Chancellor BUIITEMS, faculty and staff whose unflinching efforts and consistent determination made BUIITEMS a quality educational institution in education and research in the province.

Message from  
**Ahmed Farooq Bazai**  
Vice Chancellor BUITEMS

The 10<sup>th</sup> consecutive convocation is yet another land mark of BUITEMS progress and advancement to achieve its missionary goals. As a nation we must have learnt great deal from our mistakes which if not committed repeatedly, would not only have prevented us from falling on the path of regression but would undoubtedly have led us on to the road to success. We must therefore, have to strengthen our institutions and not neglect them as we did for very long, especially the academic institutions. In this regard we at BUITEMS have followed a steady, stage-wise path of progression, identified by logical design which is universally characterized in the history of leading academic institutions of the world with tangible results; following simple correlation of cumulatively quantifying progress of nations, to their educated human resource.

These graduates of BUITEMS passing out today along with their contemporaries from Pakistan will shape the future of our nation with unity of purpose, on the guidelines of our great leaders; Quaid-e-Azam Muhammad Ali Jinnah and Allama Dr. Muhammad Iqbal. I am confident that our youth will bring a silent revolution to fulfill the dreams of nation, serving to the best of their abilities with consciousness. I take this opportunity to congratulate our graduates today as they have accomplished their mission with their hard work for the award of the degrees; fulfilling all the conditions of BUITEMS for the same. I also congratulate teachers and parents who had to work more than the students to see them stand victorious.

God bless you all.

## DUA'A

We bow our heads in gratitude to Allah Almighty for the blessings of the fruition of our endeavors and dedication in the pursuit of knowledge. May Allah lead all of us on to the path of righteousness and virtue and guide us on the way of utilizing our knowledge in our practical lives. May further honor and glory come to the recipients of degrees today and may they serve the nation and the country in true spirit of faithfulness.

Allah! Inspire these young men and women with the earnest desire of expanding their knowledge further and give them the capability of contributing positively to their respective branches of study. Allah! mould their minds and hearts according to the teachings of Islam and make them follow the path of truth with zeal and determination. Oh Allah! Inculcate in the minds of these young men and women, the sense of gratitude to their parents, to their teachers and to the Country, which nourished them physically, intellectually and spiritually.

Allah! Endow them with the qualities of humility, simplicity and patriotism and make them aware of their weaknesses, so that they may be able to shun their shortcomings. Allah! Grant them success in every field they go to and make them beacons of light for the succeeding generations of students. Allah! We request thee to shower renown and repute on our University and grant her greater powers to continue spreading light and truth for all times to come.

'Aameen'
