# Our Foreword

December, bringing a closure in both literal and figurative sense to the year and the struggle of the graduating scholars. Convocation is such a festive occasion, where it closes one chapter, opens up a new avenue for the future that has been so meticulously engineered on campus. Students of BUISTEMS, join the university with the inclination to gain relevant and rewarding instruction and prowess and pass out on the completion of their cherished drive with confidence and competence to satisfy their social and professional obligations.

The 13<sup>th</sup> convocation of BUISTEMS accords with the 15<sup>th</sup> Anniversary of the University. Where it calls for festivity and celebration, introspection and critical evaluation of our struggle so far is also our priority. The story of BUISTEMS is the story of resilience and defiance of odds. BUISTEMS started her journey as a new born institution in modest settings with just 90 students enrolled in two programs of study. Today the same university shows a tremendous educational conglomeration imparting education to more than [9000] students in different programs of study within five faculties. We have seen the most unconventional challenges an academic institution can face, but they could not hinder our strife to serve the best possible academic facilities to the province and the nation. The drive to move ahead bore results in the shape of an enviable infrastructure, a sophisticated technological framework, MoU's with various national and international organizations and an entire list of laurels and awards.

The trust and admiration that BUISTEMS gains from the stakeholders and people of Balochistan is truly heartening.

In this era of information technology and prodigious revolution, the world of cyber space and geo-political paradigm shift has transformed the world into a universal community. No nation of the world can aspire to attain socio-economic expansion without by means of innovative technologies or an understanding of the global citizenship. It calls for devotion and performance on the part of the academes to focus on this all-important area. BUISTEMS is fully conscious of this requisite state of survival and growth, and hence we are extending every effort to meet the existing and emerging necessities of the age.

The most refreshing sentiment that we cherish as a family at BUISTEMS is the feedback through our alumni. The services of our Markhors is the return of our investment in them. They offer new hope to the nation that in spite of the bleak national scenario, they have the urge and resolve of steering the nation to the rightful renaissance.

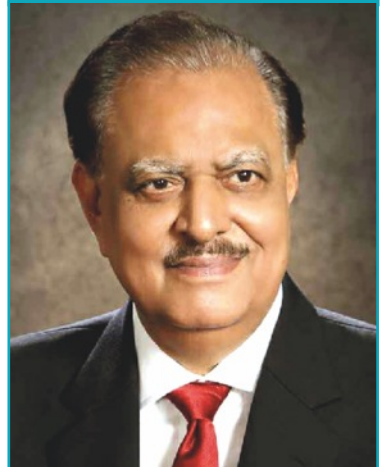

# Message

I extend my heartiest felicitations to the BUIITEMS Family on the occasion of its 13th Convocation. I particularly commend the efforts of the University in imparting quality education and providing conducive environment to the scholars for research and studies. The success story of BUIITEMS in a short span of time is beyond words.

Nations are built not through conformity and orthodoxy but through keeping themselves abreast with nuances and pertinent advancements. In this connection, the services provided by BUIITEMS in equipping our youth with necessary rudimentary skills is absolutely appreciable, predominantly keeping the context of Balochistan in mind. It is a fact to be acknowledged that the state of education in our province is quite grim, but BUIITEMS has not only provided academic knowledge but opportunities to groom personal skills. The impact that the institution has on the entire province is fairly large.

Keeping in mind that BUIITEMS just achieved the psychological milestone of 15 years in her journey, I would particularly like to congratulate the Vice-chancellor BUIITEMS, who has turned this University into a family. It is categorically creditable that as a leader he did not focus only on building personality cult but concentrated on systematic development of long term administrative mechanism, avoiding internal and external pressures. I believe we all have a lesson in the success story of the University.

At the end I would like to send my best wishes to the graduating students and their families. You did it. You have fulfilled all requirements to attain the degree. But remember, it is not your qualification that justifies your prowess rather the other way around. You are the pride of your families, your *alma mater* but most importantly your nation. Best of luck, the world awaits you.

Honorable  
Nawab  
Sanaullah  
Khan Zehri

Chief Minister  
Balochistan

# BUIITEMS Monument

**B**UIITEMS Monument at Takatu Campus symbolizes society's pride, educational advancements and academic excellence. The Monument is represented in unison by a pen, a feather and a paint brush. All the three elements, made of bronze and steel, are combined and encircled by the logo of the University depicting harmony and peace. Each element in itself carries a connotation highlighting the vision and mission of BUIITEMS.

**T**he pen and the feather portray an analogy of literary work that encapsulates the soul and spirit of an educational institution whereas the paint brush signifies creativity being the catalytic element of all sciences. The pen, the feather and the paint brush corresponds to positive and constructive sustaining efforts that any society aims for.

**E**ncircling above *objet d'art*, is a brass emblem of indigenous campus life which depicts a bond that transcends time and space and the social/cultural diversity among our students which promote the ideals such as friendship, loyalty, academic achievement and intellectual development, service to the community and the alma mater, honor and integrity, leadership and personal responsibility.

**T**he existence of BUIITEMS Monument itself embodies the sense of morality for the University and will endure for the times to come.
