Foreword

COVID-19, the global pandemic wreaked havoc throughout the world. This may sound harsh, but it is easy to feel buried by our circumstances. A farmer while planting new plants sow the seeds. Did the farmer bury the seed? The affirmative response can be contrasted by that he also planted

it. Instead of feeling buried by our situation, we must realize that the pain and heartache that has been piled upon us is not meant to bury, but to plant us in a way that will allow us to grow and prosper into who we are meant to be. This year's convocation looks and sounds a little different than the ceremonies of years past. The academic year 2020 at BUITEMS started with undergraduate courses being offered virtually due to the COVID-19 pandemic, most faculty, staff and students attended their academic and professional responsibilities from home instead of gathering on campus. But then again, 2020 has been a year unlike any other.

Amid a global pandemic, the teachers, admin and university authorities came up with an array of creative and meaningful ways to celebrate the achievement of its 2020 graduates. So this year we are gathered virtually to celebrate, cheer and congratulate our graduates.

The conduct of e-convocation of 2020 may be the first-ever in-absentia convocation, however, BUITEMS maintained its long tradition of conducting consecutive convocations. BUITEMS has been committed to its aim of providing quality and excellence in education, even during the contagion, the university initiated and transitioned to the online mode of teaching. As coronavirus spread across the country, classes moved to online mode of learning. BUITEMS expects the same dedication, readiness and adaptability from its passing out graduates during such uncertain and unprecedented time. Our graduates fueled by their dedication to identifying solutions to the world's biggest problems through innovative research and critical thinking are our most precious assets. The seeds of dedication, hard work, commitment, determination and service have been well planted in our students, it is now up to them to allow themselves to grow and prosper as individuals and to serve in their respective fields with utmost responsibility and honesty.

With today's virtual ceremony we step into the era of new digitalization, we, therefore, hope to outshine in the virtual world with the same zeal and vigour. Even though graduation is going to look different for you all, the achievement is still the same. Many congratulations to all our graduates.

Message

The Future of this beloved country, this brave nation is entrusted in your abilities and now is the time to kindle the spark of intellect and spread the light through sheer innovation, immaculate performance and a pure passion for learning. Understand that, however, your contribution towards the progress and prosperity of the nation it should be worth following. You are beacons of peace, innovation, logic and tolerance. Professionalism is your way and leadership your crown. This beautiful province and honourable country await your keen interest to make them prosperous and to advance principles upon which this country was founded.

I appreciate the efforts of students and honour their achievement, I wish for a bright future for you and this nation. I know that your able efforts and performance will take this nation to new heights of success and development.

Honorable
Justice (Retd)
Amanullah Khan

Governor
Balochistan,
Chancellor BUITEMS

Message

Ahmed Farooq
Bazai (SI)

Vice Chancellor
BUIITEMS

I would like to express my heartiest congratulations to parents and teachers who have supported the students who are graduating from BUIITEMS today. It's a bittersweet day. You should have been donning your cap and gown, taking lots of photos, hugging family and friends and going across the stage to shake the chancellor's hand to be officially recognized as a new alumnus of BUIITEMS. However, due to the spread of the novel coronavirus, your prestigious university upheld to the spirit of resilience by organizing an online convocation. You have a history to tell the coming generations being the first-ever batch to have celebrated an online convocation ceremony.

I take this opportunity to share some hard learnt lessons and advice with you as you step into practical lives. The coronavirus has brought great bewilderment to society. The globalization and digitalization of society have also imposed various social transformations. We are entering into an era when we are swiftly transitioning to a new digital age. As you celebrate this milestone, please observe and try to find solutions to today's challenge. Living in times when disrupting technologies are introduced in a very short time, making it very difficult to feel the drastic change occurring in the global environment and envision the future. I, therefore, urge you to embrace the change with open mind and heart and bear in mind that successful are those who adapt to the changing trends and times.

My sincere wishes for your great success and advancements.
Congratulations!

BUIITEMS Monument

BUIITEMS Monument at Takatu Campus symbolizes society's pride, educational advancements and academic excellence. The Monument is represented in unison by a pen, a feather and a paint brush. All the three elements, made of bronze and steel, are combined and encircled by the logo of the University depicting harmony and peace. Each element in itself carries a connotation highlighting the vision and mission of BUIITEMS.

The pen and the feather portray an analogy of literary work that encapsulates the soul and spirit of an educational institution whereas the paint brush signifies creativity being the catalytic element of all sciences. The pen, the feather and the paint brush corresponds to positive and constructive sustaining efforts that any society aims for.

Encircling above *objet d'art*, is a brass emblem of indigenous campus life which depicts a bond that transcends the time and space and the social/cultural diversity among our students which promote the ideals such as friendship, loyalty, academic achievement and intellectual development, service to the community and the alma mater, honor and integrity, leadership and personal responsibility.

The existence of BUIITEMS Monument itself embodies the sense of morality for the University and will endure for the times to come.
