FOREWORD

The seven years history of Balochistan University of Information Technology, Engineering and Management Sciences is indicative of the continuous physical and academic growth. Though young, the university is continuously engaged in expanding the services and scope of educational programs which are critical to the economic development of the region. The university is offering degree programs which are directly relevant to the economic development of Balochistan and to the emergence of the region as a hub of advancement in modern sciences, engineering and management. The university is growing as a multi-campus institution with breadth and depth of concentration on meaningful learning and productive research.

The 5th convocation marks the culmination of the ideals of sustained hard work in pursuit of knowledge which is the oil for the developmental machinery. The **435** passing out graduates are standing on the threshold of participation in the nation-building process. They cherish to serve the nation as dependable and competent components of the human resource capital. The demand for knowledgeable human resource is increasing both in the public and private sectors and passing out graduates of BUIITEMS bear the stamp of excellence in professionalism, competence and the insatiable thirst to surge ahead.

BUIITEMS has taken impressive strides in modernizing of the facilities in keeping with the global advancement in the application of technological innovations. The establishment of Data Centre at the Takatu Campus is a significant feature of progress in this direction. Similarly the introduction of the Campus Management Solution (CMS) is a major step towards streamlining the service and promoting access to information through tightly integrated product suites. The availability of Video-Conferencing facility at Takatu Campus is a major development which enables the university to come in closer association with HEC and other universities. The facility also provides access to guidance from foreign educational sources. The Faculty Development Program undertaken by the university in collaboration with HEC has started yielding tangible results. Faculty members sent abroad for MS and M.Phil studies have

completed their programs successfully and are contributing to the academic accomplishments at this university. It is a matter of pride that 17 scholars from BUIEMS are pursuing PhD program abroad and the feedback of their progress is very encouraging.

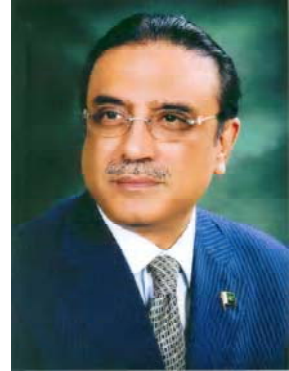

Inspite of the financial cuts and restraints imposed by the government, BUIEMS continues to provide quality educational services without any hindrance. This has been possible only due to the dedication of our faculty and the administration staff. We, at BUIEMS, are striving to include the traits of independent thinking, comprehensive contemplation and desire to excel in all professional spheres.

May Allah Almighty bless our endeavors with success

MESSAGE FROM HON. ASIF ALI ZARDARI

President of Islamic Republic of Pakistan

I am pleased to learn that the Balochistan University of Information Technology, Engineering and Management Sciences (BUITEMS) is holding its 5th convocation and wish to congratulate the learned faculty, the graduating students, their parents and guardians on this important occasion.

It is a matter of great satisfaction that, within a short period of seven years, the university has established traditions of excellence, self-confidence and competence among its students with focus on meaningful learning and research-oriented approach. Technical education is critical for addressing problems of under development. Science, Technology and management skills are the weapons to fight the challenges facing the country. It is reassuring that BUITEMS is dedicated to imparting knowledge and skills in these specialized areas to the students of our least developed province that needs the most urgent and serious attention in all respects.

On this occasion, I congratulate the Governor Balochistan who is also the Chancellor of BUITEMS. I also congratulate the parents and guardians of the graduating students for their sacrifices enabling them to witness this day. I hope that BUITEMS will keep on producing professionals of excellence and the alumni will play an effective role in the development of the province and the country.

It should also like to advise the graduating students that the conferment of degree on them today is not the end of the journey. It is the beginning of a new phase in their journey along the road of life. I hope that in this new phase of their lives, they will conduct themselves in a manner that brings glory to themselves, the university, the community and the country as a whole.

I wish you good luck in your future life.

Pakistan Zindabad

MESSAGE FROM HON.SYED YOUSUF RAZA GILANI

Prime Minister of Islamic Republic of Pakistan

It is a matter of great satisfaction and pleasure for me to learn that Balochistan University of Information Technology, Engineering and Management Sciences is holding the 5th convocation. It is encouraging and heart warming for me to know that this university is developing and evolving into one of the premiere institutions in the country.

Keeping in view the prompt acceptance and absorption of the previous graduates in the job market , it is indeed a landmark in the history of BUIITEMS, Quetta that the 5th convocation is being held and a new batch of graduates and postgraduates is being ushered into the realm of the practical service. I extend my heartiest greetings to all of them and hope that they would face the challenges of the future with courage, patience, and assurance.

On this occasion I congratulate the Governor Balochistan Nawab Zulfiqar Ali Magsi, who is the Chancellor of BUIITEMS, and Engr. Ahmed Farooq Bazai, the Vice Chancellor, and the faculty members. I also extend good wishes and congratulate the graduating students and their parents. I wish these graduates and postgraduates keep excelling their performance through specialized studies and research in future, too.

MESSAGE FROM NAWAB ZULFIQAR ALI MAGSI

Governor Balochistan

On the auspicious occasion of 5th convocation of Balochistan University of Information Technology, Engineering and Management Sciences, I extend warm congratulations to the university authorities, particularly to the energetic Vice Chancellor and the respectable faculty members on their remarkable achievement. Indeed, Balochistan cherished the establishment of an institute of higher learning which is a hallmark of quality and assurance and BUIITEMS has stood up to the expectations reposed in her.

Well-educated youth of a country are her greatest assets, and they are the segment of the society on which the nation has pinned her hopes. It is the responsibility of our youth that they acquire the capability of thinking rationally and positively and put in their best in the service of the nation. They are to utilize to the maximum whatever educational facilities are at hand and desist from indulging in time wasting and relegating activities.

This convocation is an affirmation of the development and dedication of all the faculty members; therefore, the invaluable services of the faculty members for the consolidation of our intellectual and technical resources are greatly admirable. The government of Balochistan is earnestly committed to the promotion of higher education and will continue supporting all endeavors which lead to the achievement of the desirable objectives.

I offer congratulations to the passing out graduates and postgraduates and anticipate that they would be warmly welcome in the professional circles. I also expect that they will accept their new responsibilities and earn a good name for themselves and for their university.

MESSAGE FROM NAWAB ASLAM RAISANI

Chief Minister Balochistan

Convocations are significant events in the lives of universities and it gives me immense pleasure to learn that Balochistan University of Information Technology, Engineering and Management Sciences is holding its 5th convocation. I would like to extend my heartiest felicitations to the Vice Chancellor BUITEMS, faculty and graduating students on this important occasion.

I'm pleased to know that BUITEMS is producing well educated, groomed and skilled men and women who we need to bring about change: to solve problems - the obvious ones being poverty, injustice and economic turmoil. We need well-informed, well-rounded people to think about these problems, to dream, to understand, to put forth solutions which are innovative. I gladly assume that the young students at BUITEMS are coming up to our expectations.

On this occasion I find it appropriate to share a few words of wisdom with the passing out graduates and post graduates. I believe that the first and the most important realization they need is that they must choose to be successful. They must keep in mind that when they make the decision, the responsibility lies on them. Perhaps the most important tool they can employ to be successful in life is to recognize that they are responsible for the quality of their work and thus for the evaluation of that work and finally for the result they achieve. Once they accept their responsibility for everything they do, all other tools required to make them successful would come into play. Finally, they must not be afraid of hardships because as Henry Ford said, "*Obstacles are those frightful things you see when you take your eyes off your goal*".

Once again I extend heartiest greetings to the Vice Chancellor and his colleagues on the important occasion of the 5th convocation.

MESSAGE FROM DR. JAVED LEGHARI

Chairman, HEC

It gives me great pleasure to learn that the 5th Convocation of Balochistan University of Information Technology, Engineering and Management Sciences will be held on December 2009. I congratulate all the faculty members, students and staff of the university and all those who have contributed in promoting good educational standards at this institution. I also congratulate the graduating students on their success and to keep up roles as responsible professionals of Pakistan.

Science, Technology, Economy and Environment are all closely inter-linked. Technology is a tool which affects fundamental changes on economic competitiveness, and through which the environment can be better understood. Similarly, Information Technology has become an indispensable process. I am sure you have learnt to utilize all those tools during the course of your studies at BUIITEMS.

The Higher Education Commission appreciates the rapid development of BUIITEMS and is eager to support further progress of the university, because the commission is focused on the process of ensuring national growth through enhancement of the quality of education at the higher level.

I congratulate the university authorities on their remarkable performance and wish them greater success in future.

INTRODUCTION BY THE VICE CHANCELLOR

BUIITEMS has completed seven years of its existence and we are now celebrating the ceremony of its fifth convocation. In a short span of seven years, BUIITEMS has achieved the status of an institution that stands for quality and excellence in education and carries out its business in a manner consistent with standards and academic practices in vogue at reputed institutions of the world.

Looking back at the accomplishments of the university during the last seven years, we notice a steady and upward development curve, depicting increase in student strength, consolidation of faculty resources, program offerings, international linkages, expansion of physical facilities and intensification of co-curricular activities. Such panoramic growth is mainly owing to the unflinching trust reposed by the intellectual community of the country in BUIITEMS. It is a proud achievement that the student strength at the university now exceeds 3500 as compared to our initial intake of just 90 students seven years back. Our rise from a modest start of two program offerings to thirty two program offerings demonstrates the vast magnitude of advancement.

The university is striving hard to rise to a level where all the expectations of the society for having a premier seat of learning catering to the needs of Balochistan in reference to social, technical and environmental aspects are met. Many new programs have been added to its list of offerings, student body has increased enviously, infrastructure has been enhanced and new laboratories, classrooms, lecture theatres, seminar rooms and facilities like video conferencing and campus management solution have been established. Sports Complex is near completion while a state of the art health center is ready to serve the students and BUIITEMS staff at Takatu Campus.

BUIITEMS is reaching out to clientele from interior of Balochistan through electronic and print media and plans to offer remedial

courses to students hailing from remote areas of Balochistan. Faculty development is an important aspect on which BUIITEMS has made commendable progress and presently more than 50 faculty members of BUIITEMS are pursuing their doctoral and masters degrees in reputed universities of the world and the university has initiated efforts to develop another batch of 100 faculty members at doctoral level in order to meet the HEC requirement of having all the teaching staff at the level of Assistant Professor and above holding doctoral degrees by the year 2015.

The university is aware of its responsibility for generation of resources and is working diligently on projects aimed at provision of better financial assistance to meritorious and needy students and advancement of university infrastructure. The university has streamlined its procedures. Rules and regulations governing academic and administrative activities on the campuses are documented for ready reference of students and staff. But, as Alfred Tennyson said, "*Though much is taken, much abides*", we still aspire to continue transfusing fresh blood in all the arteries of the university in order to update all aspects of BUIITEMS in line with contemporary requirements. May Allah help us in all our endeavours!

PROGRAM

09:30 AM	Guests to be Seated
10:00 AM	Arrival of the Chief Guest
10:10 AM	Academic Procession enters the Convocation Hall
10:14 AM	National Anthem
10:18 AM	Chancellor Declares the Convocation Open
10:19 AM	Recitation from the Holy Quran
10:24 AM	Welcome Address by the Vice Chancellor
10:10 AM	Presentaton & Conferment of Degrees
11:10 AM	Award of Gold Medals
11:50 AM	Address by the Chancellor
11:55 AM	Prayers (Dua'a)
12:05 PM	Academic Procession Leaves the Convocation Hall
12:10 PM	Group Photographs
12:30 PM	Refereshments
12:45 PM	Departure of Chief Guest

BATCHES OF GRADUATING STUDENTS

The 5th convocation of the Balochistan University of Information Technology, Engineering and Management Sciences (BUIITEMS) is being held to award degrees to the following batches in different programs of study.

1. *MS (Biotechnology & Informatics)
Spring 2004 to Fall 2007*
2. *MS (Biotechnology & Informatics)
Spring 2005 to Fall 2008*
3. *MS (Biotechnology & Informatics)
Fall 2005 to Spring 2008*
4. *MS (Biotechnology & Informatics)
Spring 2006 to Fall 2008*
5. *MBA
Spring 2006 to Fall 2008*
6. *MBA (Banking & Finance)
Spring 2006 to fall 2008*
7. *MBA (after BSBA)
Spring 2008 to Spring 2009*
8. *BS (Biotechnology & Informatics)
Spring 2005 to Fall 2008*
9. *BS (Biotechnology & Informatics)
Fall 2005 to Spring 2008*
10. *BS (Business Administration)
Spring 2005 to Fall 2008*
11. *BS (Business Administration)
Fall 2005 to Spring 2009*
12. *BS (Economics)
Spring 2005 to Fall 2008*
13. *BS (Economics)
Fall 2005 to Spring 2009*
14. *BS (Chemical Engineering)
Fall 2005 to Spring 2009*
15. *BS (Petroleum and Gas Engineering)
Spring 2005 to Fall 2008*
16. *BS (Petroleum and Gas Engineering)
Fall 2005 to Spring 2009*
17. *BS (Electronics Engineering)
Spring 2005 to Fall 2008*

18. *BS (Electronics Engineering)*
Fall 2005 to Spring 2009
19. *BS (Telecom Engineering)*
Fall 2005 to Spring 2009
20. *BS (Computer Science)*
Spring 2005 to Fall 2008
21. *BS (Computer Science)*
Fall 2005 to Spring 2009
22. *BS (Computer Engineering)*
Fall 2005 to Spring 2009

ORDER OF PROCEEDINGS

January 5, 2009

- * Guests to be seated
- * Arrival of the Chief Guest

The chief guest will be received by the Vice Chancellor, Deans of the Faculties, the Registrar, the Controller of Examinations and members of the Convocation committee and His Excellency will be escorted to the Robing room.

To Academic Procession

The teacher / officers of the university will then form a two line procession and walk into the convocation Hall in reverse order of seniority, The Chief Guest, Chancellor and the Vice Chancellor will follow at the back of the procession.

Academic Procession enters the convocation Hall. As soon as the procession enters, all shall rise from their seats and remain standing till the Chief Guest and the Vice Chancellor take their seats on the dais.

Announcement:

- * National Anthem
- * The Vice Chancellor requests the Chief Guest to declare the Convocation open.

Chief Guest *"I declare the convocation open"*

Announcement:

- * Recitation from the Holy Quran

WELCOME ADDRESS BY THE VICE CHANCELLOR

Honorable Nawab Zulfiqar Ali Magsi, Chancellor BUIITEMS and Governor Balochistan, worthy members of the university Senate, distinguished guests, ladies and gentlemen!

Assalam-o-alaikum!

I am honored to welcome you today to the 5th convocation of BUIITEMS, with a deep sense of gratitude and fulfillment of our avowed promise of quality and excellence in education. The Balochistan University of Information Technology, Engineering and Management Sciences has succeeded in preparing **435** graduates who are capable of accepting professional responsibilities with the power to judge the issues related to their relevant field of study, to analyse them realistically and to find practical solutions for them. They have, throughout their stay at this university been encouraged to ponder over and appreciate the different situations independently, so that they don't have to seek support from others in their professional life.

Honorable Sir,

I am highly elated by your presence among us today and am grateful on your taking time out of your important engagements to participate in today's convocation. I thank you for this gesture of patronage for a university which has struggled hard for its coming into the proper shape. The university has constantly been focusing on the expansion and improvement of her physical infrastructure, her curricular dimensions and her qualitative image. Additional blocks at Takatu Campus have been put into service; latest facilities like the video-conferencing equipment have been installed and modern electronic technologies like the Campus Management Solutions have been adopted.

Respected Sir,

During the entire period of her existence, the university has been striving against heavy odds to consolidate her position as an institution which can be trusted for the sincerity of purpose;

which can be accepted as an institution with genuine model of moulding the learners into rational, creative and competent beings and which can lead to productive transformation of her students in respect of integrity, industry and imaginative innovation.

Honorable Sir,

Our students seek to pursue higher studies at this university with keen interest to achieve their academic goals and targets in consonance with the currently emerging demands and the formidable challenges ahead. We encourage our students, here, to equip themselves with the best of knowledge and expertise to cope with the onward rush of life in an appropriate and pragmatic way. The element of relevance between the learning and its practical applicability is the hall mark of our endeavors. We focus on awakening the spirit of inquisition and innovation among our students and their responsiveness is ensured through the valuable guidance by our forward-looking teaching faculty.

Honorable Sir,

It is a matter of pride for BUIITEMS that it has been able to keep up her forward trust by introducing three major programs of study in the Faculty of Engineering and two programs of study in the faculty of Life Sciences and Informatics. Public response to such program has been tremendous and in certain cases, even overwhelming. Our new Engineering programs are drawing unprecedented rush for admissions as there is immense scope of job availability in those fields in future. The programs in Life Sciences provide optimistic clues to finding solutions against poverty, hunger and disease.

Respected Sir,

As you witness today, there is a fair gender balance amongst the passing out graduates. This university is serving to kindle awareness amongst the female students about their own latent potentials and dormant talents. They are regarded as persons of equal capabilities and more than equal in pursuing their studies without inhibition of gender barriers or discrimination. They are

the harbingers of a conspicuous change in the social outlook. BUIEMS is an equal opportunity institution and a large number of girl students constitute a signature part i.e more than 30% of our student body.

Honorable Mr. Chancellor, respected ladies and gentlemen

I am gratified by your presence here on the occasion of the 5th convocation of the university and I offer my warm and sincere greetings to the passing out graduates. I advise them to step into the professional world with confidence and apply the knowledge gained here for fruitful and creditable practical performance. The learning process is never static; it ever goes on assimilating fresh knowledge and more powerful luster. I believe that when you are inspired by some great purpose and by some extraordinary challenge, all your thoughts and imaginative faculties break their bounds; your mind transcends limitations; your consciousness expands and you find yourself in a new, great wonderful world. Your dormant faculties and talents become alive and you discover yourself to be by far a greater person than you ever dreamt to be. Uphold such consciousness, be true to yourself and to those around you and you'll find all your inhibitions and fears evaporating before your eyes.

Once again I congratulate the graduating students and their respectable parents on this happy occasion and all our distinguished guests and well-wishers.

Thank you all. Pakistan Paindabad

Engr. Ahmed Farooq Bazai
Vice Chancellor

* *Announcement*
Conferment and Award of Degrees

FACULTY OF LIFE SCIENCES & INFORMATICS

Registrar:

"I request the Dean Faculty of Life Sciences & Informatics to present to the Vice Chancellor the candidates for the degree of Master of Science in Biotechnology and Informatics."

The Dean, Faculty of Life Sciences will present to the Vice Chancellor, the candidates for the degree of Master of Science in Biotechnology and Informatics. The candidate will proceed to the front of the dais in academic robes for the conferment of the MS (Biotechnology and Informatics) degree.

Dean, Faculty of Life Sciences & Informatics:

"Sir, I present to you the candidates who have fulfilled the requirements for the grant of Master of Science (Biotechnology and informatics) degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Master of Science in Biotechnology and Informatics and direct you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

FACULTY OF MANAGEMENT SCIENCES

Registrar:

"I request the Dean Faculty of Management Sciences to present to the Vice Chancellor the candidates for the degree of Master of Business Administration."

The Dean, Faculty of Management Sciences will present to the Vice Chancellor, the candidates for the degree of Master of

Business Administration. The candidates will proceed to the front of the dais in academic robes for the conferment of the MBA degree.

Dean, Faculty of Management Sciences:

"Sir, I present to you the candidates who have fulfilled the requirements for the grant of Master of Business Administration degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Master of Business Administration and direct you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

Registrar:

"I request the Dean, Faculty of Management Sciences to present to the Vice Chancellor the candidates for the degree of Master of Business Administration (Banking and Finance)."

The Dean, Faculty of Management Sciences will present to the Vice Chancellor, the candidates for the degree of Master of Business Administration (Banking and Finance). The candidates will proceed to the front of the dais in academic robes for the conferment of the MBA (B&F) degree.

Dean, Faculty of Management Sciences:

"Sir, I present to you the candidates who have fulfilled the requirements for the grant of Master of Business Administration (Banking and Finance) degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Master of Business Administration (Banking and Finance) and direct you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

Registrar:

"I request the Dean Faculty of Management Sciences to present to the Vice Chancellor the candidates for the degree of Bachelor of Science in Business Administration."

The Dean, Faculty of Management Sciences will present to the Vice Chancellor, the candidates for the degree of Bachelor of Science in Business Administration. The candidates will proceed to the front of the dais in academic robes for the conferment of the BS (Business Administration) degree.

Dean, Faculty of Management Sciences:

"Sir, I present to you the candidates who have fulfilled the requirements for the grant of Bachelor of Science in Business Administration degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Bachelor of Science in Business Administration and direct you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

Registrar:

"I request the Dean Faculty of Management Sciences to present to the Vice Chancellor the candidates for the degree of Bachelor of Science in Economics."

The Dean, Faculty of Management Sciences will present to the Vice Chancellor, the candidates for the degree of Bachelor of Science in Economics. The candidates will proceed to the front of the dais in academic robes for the conferment of the BS (Economics) degree.

Dean, Faculty of Management Sciences:

"Sir, I present to you the candidates who have fulfilled the

requirements for the grant of Bachelor of Science in Economics degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Bachelor of Science in Economics and direct you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

FACULTY OF LIFE SCIENCES & INFORMATICS

Registrar:

"I request the Dean Faculty of Life Sciences to present to the Vice Chancellor the candidates for the degree of Bachelor of Sciences in Biotechnology and Informatics."

The Dean, Faculty of Life Sciences will present to the Vice Chancellor, the candidates for the degree of Bachelor of Science in Biotechnology and Informatics. The candidates will proceed to the front of the dais in academic robes for the conferment of the BS (Biotechnology and Informatics) degree.

Dean, Faculty of Life Sciences & Informatics:

"Sir, I present to you the candidates who have fulfilled the requirements for the grant of Bachelor of Sciences (Biotechnology and informatics) degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Bachelor of Sciences in Biotechnology and Informatics and direct you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

FACULTY OF INFORMATION AND COMMUNICATION TECHNOLOGY

Registrar:

"I request the Dean Faculty of Information and Communication Technology to present to the Vice Chancellor the candidates for the degree of Bachelor of Science in Computer Science."

The Dean, Faculty of Information and Communication Technology will present to the Vice Chancellor, the candidates for the degree of Bachelor of Science in Computer Science. The candidates will proceed to the front of the dais in academic robes for the conferment of the BS (Computer Science) degree.

Dean, Faculty of Information and Communication Technology:

"Sir, I present to you the candidates who have fulfilled the requirements for the grant of Bachelor of Science (Computer Science) degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Bachelor of Science in Computer Science and direct you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

Registrar:

"I request the Dean Faculty of Information and Communication Technology to present to the Vice Chancellor the candidates for the degree of Bachelor of Science in Electronics Engineering."

The Dean, Faculty of Information and Communication Technology will present to the Vice Chancellor, the candidates for the degree of Bachelor of Science in Electronic Engineering. The candidates will proceed to the front of the dais in academic robes for the conferment of the BS (Electronic Engineering) degree.

Dean, Faculty of Information and Communication Technology:
"Sir, I present to you the candidates who have fulfilled the requirements for the grant of Bachelor of Science (Electronic Engineering) degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Bachelor of Science in Electronic Engineering and direct you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

Registrar:

"I request the Dean Faculty of Information and Communication Technology to present to the Vice Chancellor the candidates for the degree of Bachelor of Science in Computer Engineering."

The Dean, Faculty of Information and Communication will present to the Vice Chancellor, the candidates for the degree of Bachelor of Science in Computer Engineering. The candidates will proceed to the front of the dais in academic roles for the conferment of the BS (Computer Engineering) degree.

Dean, Faculty of Information and Communication Technology:
"Sir, I present to you the candidates who have fulfilled the requirements for the grant of Bachelor of Science (Computer Engineering) degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Bachelor of Science in Computer Engineering and you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

Registrar:

"I request the Dean Faculty of Information and Communication Technology to present to the Vice Chancellor the candidates for the degree of Bachelor of Science in Telecommunication Engineering."

The Dean, Faculty of Information and Communication Technology will present to the Vice Chancellor, the candidates for the degree of Bachelor of Science in Telecom Engineering. The candidates will proceed to the front of the dais in academic robes for the conferment of the BS (Telecom Engineering) degree.

Dean, Faculty of Information and Communication Technology:

"Sir, I present to you the candidates who have fulfilled the requirements for the grant of Bachelor of Science (Telecom Engineering) degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Bachelor of Science in Telecom Engineering and direct you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

FACULTY OF ENGINEERING

Registrar:

"I request the Dean Faculty of Engineering to present to the Vice Chancellor the candidates for the degree of Bachelor of Science in Textile Engineering."

The Dean, Faculty of Engineering will present to the Vice Chancellor, the candidates for the degree of Bachelor of Science in Textile Engineering. The candidates will proceed to the front of the dais in academic robes for the conferment of the BS (Textile Engineering) degree.

Dean, Faculty of Engineering:

"Sir, I present to you the candidates who have fulfilled the requirements for the grant of Bachelor of Science (Textile Engineering) degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Bachelor of Science in Textile Engineering and direct you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

Registrar:

"I request the Dean Faculty of Engineering to present to the Vice Chancellor the candidates for the degree of Bachelor of Science in Petroleum & Gas Engineering."

The Dean, Faculty of Engineering will present to the Vice Chancellor, the candidates for the degree of Bachelor of Science in Petroleum & Gas Engineering. The candidate will proceed to the front of the dais in academic robes for the conferment of the BS (Petroleum & Gas Engineering) degree.

Dean, Faculty of Engineering:

"Sir, I present to you the candidates who have fulfilled the requirements for the grant of Bachelor of Science (Petroleum & Gas Engineering) degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Bachelor of Science in Petroleum & Gas Engineering and direct you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

Registrar:

"I request the Dean Faculty of Engineering to present to the Vice Chancellor the candidates for the degree of Bachelor of Science in Chemical Engineering."

The Dean, Faculty of Engineering will present to the Vice Chancellor, the candidates for the degree of Bachelor of Science in Chemical Engineering. The candidate will proceed to the front of the dais in academic roles for the conferment of the BS (Chemical Engineering) degree.

Dean, Faculty of Engineering:

"Sir, I present to you the candidates who have fulfilled the requirements for the grant of Bachelor of Science (Chemical Engineering) degree, to which I pray they be admitted."

Vice Chancellor:

By virtue of the authority vested in me as the Vice Chancellor of the university, I admit you to the degree of Bachelor of Science in Chemical Engineering and direct you to prove yourself worthy of the same, ever in your practical life and through appropriate professional behaviour.

The recipients of the degree will bow to the Vice Chancellor and return to their seats.

AWARD OF GOLD MEDALS

* **Announcement:**

Ladies and Gentlemen! "Quality and Excellence" in Education is the motto of our university. We hold those students in high esteem who excelled as students through their high intellectual zest and continuous hard work and acquired top merit positions in various programs of study. It is imperative that their achievements are duly recognized and eulogized. I request the Controller of Examinations BUIITEMS to present such model students for the award of gold medals.

Controller of Examinations:

The recipients of Gold Medals are requested to please assemble in front of the dais.

Controller of Examinations:

"Sir, I now present to you **Ms. Uzma Sehar D/o Abdul Hameed** who secured top position in MS(Biotechnology & Informatics) obtaining 2809 marks with CGPA of 3.88. Her meritorious performance during the session Spring 2004 - Fall 2007 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till she is decorated with the Gold Medal by the chief guest. She will then bow to the Vice Chancellor and to the Chief Guest and return to her seat).

Controller of Examinations:

"Sir, I now present to you **Ms. Saima Batool D/o Nadir Ali** who secured top position in MBA(Regular) obtaining 2134 marks with CGPA of 4. Her meritorious performance during the session Spring 2006 - Fall 2008 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till she is decorated with the Gold Medal by the chief guest. She will then bow to the Vice Chancellor and to the Chief Guest, and return to her seat).

Controller of Examinations:

"Sir, I now present to you **Mr. Sohail Jan S/o Saleh Mohammad** who secured top position in MBA(Banking & Finance) obtaining 2055 marks with CGPA of 3.94. His meritorious performance during the session Spring 2006 - Fall 2008 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till he is decorated with the Gold Medal by the chief guest. He will then bow to the Vice Chancellor and to the Chief Guest, shake hands and return to his seat).

Controller of Examinations:

"Sir, I now present to you **Ms. Maria Panezai D/o Gul Baran Panazai** who secured top position in MBA(After BSBA) obtaining 899 marks with CGPA of 3.65. Her meritorious performance during the session Spring 2008 - Spring 2009 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till she is decorated with the Gold Medal by the chief guest. She will then bow to the Vice Chancellor and to the Chief Guest, and return to her seat).

Controller of Examinations:

"Sir, I now present to you **Ms. Nadia Muzzafar D/o Muzzafar Ali** who secured top position in BS(Biotechnology & Informatics) obtaining 3834 marks with CGPA of 3.93. Her meritorious performance during the session Spring 2005 - Fall 2008 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till she is decorated with the Gold Medal by the chief guest. She will then bow to the Vice Chancellor and to the Chief Guest, and return to her seat).

Controller of Examinations:

"Sir, I now present to you **Ms. Rabaila Riaz D/o Talaat Waheed Khan** who secured top position in BS(Biotechnology & Informatics) obtaining 87% marks with CGPA of 3.84. Her meritorious performance during the session Fall 2005 - Spring 2008 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till she is decorated with the Gold Medal by the chief guest. She will then bow to the Vice Chancellor and to the Chief Guest, shake hands and return to her seat).

Controller of Examinations:

"Sir, I now present to you **Ms. Saira Batool D/o Mohammad Raheem** who secured top position in BS(Business Administration) obtaining 3779 marks with CGPA of 3.98. Her meritorious performance during the session Spring 2005 - Fall 2008 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till she is decorated with the Gold Medal by the chief guest. She will then bow to the Vice Chancellor and to the Chief Guest, and return to her seat).

Controller of Examinations:

"Sir,I now present to you **Ms. Zarmina Mehmood D/o Dr. Fazal Mehmood** who secured top position in BS(Business Administration) obtaining 3805 marks with CGPA of 3.99. Her meritorious performance during the session Fall 2005 - Spring 2008 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till she is decorated with the Gold Medal by the chief guest. She will then bow to the Vice Chancellor and to the Chief Guest, and return to her seat).

Controller of Examinations:

"Sir, I now present to you **Ms. Mahwish Butt D/o Ghulam Mustafa Butt** who secured top position in BS (Economics) obtaining 3588 marks with CGPA of 3.86. Her meritorious performance during the session Fall 2005 - Spring 2009 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till she is decorated with the Gold Medal by the chief guest. She will then bow to the Vice Chancellor and to the Chief Guest, and return to her seat).

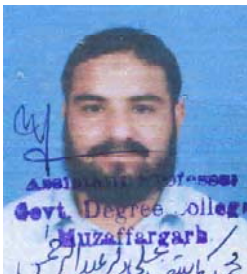

Controller of Examinations:

"Sir, I now present to you **Mr. Muhammad Junaid S/o Khurshid Ahmed** who secured top position in BS (Chemical Engineering) obtaining 4483 marks with CGPA of 3.73. His meritorious performance during the session Fall 2005 - Spring 2009 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till he is decorated with the Gold Medal by the chief guest. He will then bow to the Vice Chancellor and to the Chief Guest, shake hands and return to his seat).

Controller of Examinations:

"Sir, I now present to you **Mr. Muhammad Kashif Ali S/o Abdur Reham** who secured top position in BS(Petroleum & Gas Engineering) obtaining 4810 marks with CGPA of 3.96. His meritorious performance during the session Spring 2005 - Fall 2008 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till he is decorated with the Gold Medal by the chief guest. He will then bow to the Vice Chancellor and to the Chief Guest, shake hands and return to his seat).

Controller of Examinations:

"Sir, I now present to you **Ms. Rubbia D/o Abdul Majeed** who secured top position in BS(Petroleum & Gas Engineering) obtaining 5024 marks with CGPA of 4. Her meritorious performance during the session Fall 2005 - Spring 2009 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till she is decorated with the Gold Medal by the chief guest. She will then bow to the Vice Chancellor and to the Chief Guest, and return to her seat).

Controller of Examinations:

"Sir, I now present to you **Mr. Khurram Shahzad S/o Itbar Khan** who secured top position in BS (Electronic Engineering) obtaining 4339 marks with CGPA of 3.73. His distinguished performance during the session Spring 2005 - Fall 2008 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till she is decorated with the Gold Medal by the chief guest. She will then bow to the Vice Chancellor and to the Chief Guest, and return to her seat)

Controller of Examinations:

"Sir, now I present to you, **Mr. Muhammad Ahmed S/o Abdul Rashid** whose distinguished performance during the 8 semesters won him the award of Gold Medal in the BS(Electronic Engineering) session Fall 2005- Spring 2009. He obtained 4780 marks with CGPA of 3.92."

(The recipient will proceed to the dais in academic costume and remain standing till he is decorated with the Gold Medal by the Chief Guest. He will then bow to the Vice Chancellor and to the Chief Guests, shake hands and return to his seat)

Controller of Examinations:

"Sir, now I present to you, **Mr. Muhammad Shoaib S/o Muhammad Aslam** whose distinguished performance in BS (Telecom Engineering), during the session Fall 2005 - Spring 2009, obtaining 4695 marks with CGPA of 3.92." out of 4 won him the award of Gold Medal

(The recipient will proceed to the dais in academic costume and remain standing till he is decorated with the Gold Medal by the Chief Guest. He will then bow to the Vice Chancellor and to the Chief Guests, shake hands and return to his seat).

Controller of Examinations:

"Sir, I present to you **Ms. Madiha Akbar D/o Muhammad Akbar** who stood First in BS (Computer Science) in session Spring 2005 - Fall 2008, securing 4134 marks, with a CGPA of 3.97. She is being awarded a Gold Medal in recognition of her outstanding performance."

(The recipient will proceed to the dais in academic costume and remain standing till she is decorated with the Gold Medal by the chief guest. She will then bow to the Vice Chancellor and to the Chief Guests, shake hands and return to his seat).

Controller of Examinations:

"Sir, I present to you. **Mr. Asghar Ali S/o Fida Hussain** who secured the top position in BS (Computer Science) in the session Fall 2005 - Spring 2009, obtaining 3632 marks and getting CGPA of 3.57 out of 4. He has been found entitled to the award of Gold Medal in recognition of his outstanding achievement."

(The recipient will proceed to the dais in academic costume and remain standing till he is decorated with the Gold Medal by the chief guest. He will then bow to the Vice Chancellor and to the Chief Guests, and return to his seat).

Controller of Examinations:

"Sir, I now present to you **Mr. Adnan Arshad S/o Muhammad Arshad Chaudary** who secured top position in BS (Computer Engineering) obtaining 4074 marks with CGPA of 3.89. His meritorious performance during the session Fall 2005 - Spring 2009 is being recognized with the award of Gold Medal."

(The recipient will proceed to the dais in academic costume and remain standing till he is decorated with the Gold Medal by the chief guest. He will then bow to the Vice Chancellor and to the Chief Guest, shake hands and return to his seat).

ADDRESS BY THE CHIEF GUEST

Engr. Ahmed Farooq Bazai, Vice Chancellor BUIITEMS, Honorable Faculty members, successful graduates, distinguished guests, Ladies and gentlemen!

Assalam-o-Alikum!

I am indeed very happy at being invited to preside over the Fifth Convocation of Balochistan University of Information Technology, Engineering and Management Sciences. Congratulations to everyone, on being a part of today's festival. It is an occasion that marks the stage of fruition of the endeavors on the part of the university management and faculty, on the part of the Higher Education Commission, on the part of the government and above all, on the part of the industrious and dedicated students of this university.

The stars of convocation are of course the graduating students, so I would like to begin by offering all of them my warm congratulations, with a special word of congratulations to those who have received awards and medals. Behind your degrees there are many people you should be thankful to. Before all others, remember those who got you here. Of course you got yourself here; no one graduates from BUIITEMS without earning it. You've had the benefit of some outstanding faculty and I know they teach a tough curriculum. So you certainly have yourselves to thank. But your parents got you here too. I know they caused you all kinds of grief and you may be conscious today of the ways in which your parents could be improved if you could slightly remodel them. But remember that you are their pride and joy and that they made sacrifices to make this day possible for you. And there are others too, grandparents, and brothers and sisters perhaps to whom you looked up, or who pushed you by looking up to you. My congratulations to all the parents whose role in the success of their children is bigger than what their children usually recognize.

My dear young graduates!

I'd like to remind you that your teachers, your mentors and guides,

are definitely not to be forgotten at this turning point of your life. It is the selfless input of your teachers that polished such fine pieces of intellect and discipline as yourselves. Without their constant advice and supervision you wouldn't have been where you are; proudly holding your degrees. My thanks to all the teachers sitting here. They've done a great job in refining the raw human beings that came to them after their intermediate studies. They are now well equipped to serve their respective progressions and bring their country out of the problems, which she is struggling to solve.

Honorable Vice Chancellor,

Balochistan University of Information Technology, Engineering and Management Sciences. (BUIEMS) has worked very hard to come to the point where it is right now. This institution has constantly struggled to grow and it is the outcome of an undying keenness to expand that the university now has additional blocks at Takatu Campus and the most modern facilities like Video Conferencing facility, modern technologies like Campus Management Solutions and latest engineering laboratories. The university has taken a number of steps to move closer to its vision of being one of the greatest universities in the world.

The unique geo-political situation and the imminent prospects of Balochistan emerging as the hub of commercial and industrial activities in near future, makes it imperative for our youth to equip them selves with the latest know-how and expertise in the related fields. The university today stands on the threshold of producing qualified and competent man power to meet the demands and requirements of the coming days. Our youth are required, not only to achieve knowledge-based excellence in their professional fields but also to open view vistas of development for their province and their country.

Ladies and gentlemen!

There is immense scope of growth in near future, in the form of industrial expansion, managerial opportunities and dynamic development in banking and insurance. We already feel the impact of Information Technology boom, and it is heartening to see that BUIEMS is working fast and effectively to fill the void in

this specialized area. Similarly, prospective growth in Petroleum and Gas industry and other fields of Engineering is also likely to open immense venues of employment in the province. I hope that the university would be able to provide capable and competent manpower for all such enterprises too, because the youth from Balochistan are going to be the first choice, at the time of recruitment of manpower.

I am pleased to know that, at this University, there is constant focus on research and development. The need for developing a research culture among the faculty and the students at the universities cannot be over-emphasized. The government is doing much to nurture the research culture. The establishment of linkages with renowned universities of UK, USA and Australia has opened new channels of research ventures.

Once again I congratulate the recipients of degrees today. They are a source of pride to the Alma Mater and an asset for the province of Balochistan. But getting a degree is not an end in itself. It is rather the beginning of a new era of struggle for them in life. I would advise them to play their role in the development of their country with sincerity and to the utmost utilization of their knowledge and skills in the service of mankind. You have now the obligation of making a mark and carving a place of honor and distinction for yourself and for your university and your country.

Mr. Vice Chancellor,

For an institution which is as distinguished as yours, the alumni are also likely to be in positions where they know what is happening in the world, and can also shape opinion on how to strengthen their alma mater in meeting new challenges in a rapidly changing world. I hope all of you will remain engaged in building up the future of BUIITEMS, and in helping it to achieve greater heights in the years and decades ahead.

Dear graduates,

Whatever you do in your practical life, whether it is Business, Information Technology, Engineering or Politics, I have no doubt that you will look back on your days spent in this institution

with nostalgia and fond memories of your academic and non-academic activities and you will convey to the world the light of excellence that BUIITEMS is associated with.

Finally, I conclude my remarks by repeating my congratulations and blessings to all the graduates. It's your day!

God Bless Pakistan!

DUA'A

* **Announcement:**

We bow our heads in gratitude to Allah Almighty for the blessings of the fruition of our endeavors and dedication in the pursuit of knowledge. May Allah lead all of us on to the path of righteousness and virtue and guide us on the way of utilizing our knowledge in our practical lives. May further honor and glory come to the recipients of degrees today and may they serve the nation and the country in true spirit of faithfulness.

Allah! Inspire these young men and young women with the earnest desire of expanding their knowledge further and give them the capability of contributing positively to their respective branches of study. Allah! mould their minds and hearts according to the teachings of Islam and make them follow the path of truth with zeal and determination. Ya Allah! Inculcate in the minds of these young men and women, the sense of gratitude to their parents, to their teachers and to the Country, which nourished them physically, intellectually and spiritually.

Allah! Endow them with the qualities of humility, simplicity and patriotism and make them aware of their weaknesses, so that they may be able to shun their shortcomings. Allah! Grant them success in every field they go to and make them beacons of light for the succeeding generations of students. Allah! We request thee to shower renown and repute on our University and grant her greater powers to continue spreading light and truth for all times to come. 'Ameen'.

- * **Announcement:** The Vice Chancellor requests the Chief Guest to declare the convocation closed.

Chief Guest: I declare the convocation closed

- * **Announcement:** The academic procession leaves the convocation hall. The Chief Guest and the dignitaries in front rows will be followed by the guest, faculty and the students in such a way that the front row are vacated one by one. All those accommodated on the back will be the last to leave the hall.

- * **Refreshments**

- * **Group Photographs**

- * Departure of the Chief Guest and the dignitaries, parents, guests etc.

OUR VISION

**To be among the leading universities of
the world accessible to all, imparting
quality education and promoting
cutting edge research**

MISSION STATEMENT

**At BUIITEMS, we are committed to
providing quality education with focus on
research and equipping students with the
art of living as productive members
of society, contributing to the
socio-economic uplift of
Pakistan in general,
and Balochistan
in particular**

City Campus
