FOREWORD

BUIITEMS eighth convocation coincides with the decade celebrations and provides us the opportunity to review our performance during the first ten years of the history of the University. BUIITEMS started her journey as a new born institution in modest settings with just 90 students enrolled in two programs of study. Today the same university shows a tremendous educational conglomeration imparting education to more than 6000 students in 32 different programs of study. In the meantime, the University produced more than 3000 graduates, who are now making their mark in the national and international professional fields as competent and capable trend setters. Enviable physical infrastructural development and remarkable performance in academic grooming of the students, research endeavors, co-curricular achievements and sports distinctions stand out as salient landmarks achieved during the first ten years since the establishment of the university. Such glorious advancements have earned BUIITEMS the recognition as a premier institution not only at the national but international level as well. At the outset of the tenth year of its life, the university received ISO 9000 international quality certification. BUIITEMS has also been ranked the 4th best university in the country in the Information Technology and Computer Science category. Rich tributes were paid to the University administration and the learned faculty by global organizations in the form of World Education Congress Award, International Socrates Award and Asian Confederation of Businesses 'Visionary Leadership Award' during the year 2012.

The advent of 8th convocation of BUIITEMS gives us a new sense of elation and pride at having successfully produced another lot of 626 qualified and committed young men and women, fit to take up their responsibilities in the nation building ventures of the country. The convocation projects the culmination of sustained hard work in the pursuit of excellence in education which is expected to gear up national growth and economic development. BUIITEMS has established traditions of self-confidence and trust-worthy capabilities among its students with focus on meaningful learning and research-oriented approach which are the hall-marks of our educational strategy. Our alumni stand as torch bearers of commitment and self-assurance. They offer new hope to the nation that in spite of the bleak national scenario, they have the urge and determination of steering the nation to equitable renaissance.

Message from
Hon. Asif Ali Zardari

President, Islamic Republic of Pakistan

On the auspicious occasion of 8th Convocation of Balochistan University of Information Technology, Engineering and Management Sciences (BUIITEMS), I wish to congratulate the Chancellor, Vice-Chancellor, the management, staff, graduating students, their parents & guardians and the entire BUIITEMS family on this important occasion.

I am also pleased to learn that this year BUIITEMS is also celebrating its tenth anniversary. During the past decade of its establishment it has earned a distinguished place among the national universities and has set standards for new academic institutions. Establishing its credentials, in a short span of ten years, as an institution imparting quality education is no small achievement by any academic institution. I, therefore, congratulate the Vice Chancellor, the staff and the students of this University for their devotion to duty and dedication in making this remarkable achievement.

To all the graduating students, I would like to say that the Convocation today marks a transition from one phase of your life to another. Equipped with theoretical knowledge and skills, you would now be stepping into practical life and face its realities and challenges. From now on, you would get an opportunity to make use of your education and skills acquired so far in the service of the community. I am confident that you have been equipped with necessary tools to successfully fight the battle of life. To the management, the faculty and the staff I would like to say that convocation is an occasion for stock taking and soul searching. I am confident that you are all aware of this and will make a critical stock taking to plan for the future for greater glory and success.

Let us never forget that each one of us owes to this society. We must work diligently, share the bounties with others and seek to repay at least in part what we owe to the society. On this joyous occasion remember that a joy is true and lasting only when it is widely and genuinely shared.

On threshold of your new phase of lives, I wish you all the best in your academic and future lives. I hope that you all will strive for the betterment of our community and bring laurels to your Alma Mater.

Message from
Hon. Raja Parvaiz Ashraf
Prime Minister, Islamic Republic of Pakistan

It gives me great satisfaction to learn that BUITEMS is holding its 8th Convocation. This Convocation coincides with -successful completion of 10 years of its dedicated service to people of Balochistan since its establishment. It is heartening to learn that BUITEMS has lived up to the aspirations of the people and groomed its students to become capable and competent professionals.

It is commendable that BUITEMS is ranked as the fourth best university in the category of Computer Science and Information Technology, which is a commendable achievement. It is also a matter of satisfaction that BUITEMS has acquired ISO 9001, 2008 Certificate of Registration, which is a testimony to its endeavours to set high standards.

I expect the university to achieve more laurels in the days to come by focusing on producing competent professionals. The entire university staff under the leadership of their Vice Chancellor deserves accolades for their dedicated services in ensuring the university's high academic excellence..

I also take this opportunity to congratulate the graduating students and their parents and guardians on the completion of their studies. The day marks an important turning point in the life of these graduates who venture into practical life with newer set of challenges and opportunities. I am sure that our youth have the potential to make a difference and serve the people of Pakistan in the best possible manner.

Message from
Nawab Zulfiqar Ali Magsi
Governor Balochistan/Chancellor BUIITEMS

I am pleased to learn that Balochistan University of Information Technology, Engineering & Management Sciences (BUIITEMS) is holding its 8th Convocation in December 2012. This is a special convocation as it coincides with the ten years celebrations since the establishment of the University in 2002.

Universities are not only responsible for imparting knowledge but they are also meant for educating the society. BUIITEMS has, no doubt, been a ray of hope despite the odds during the past ten years. Graduates of BUIITEMS are not only singled out as scholars but they are regarded as precious citizens of the Province and the state. They add up to the educated fraternity of the Province and have been the model of competence and embodiment of civic and social virtues. I hope the graduating students of this university will contribute towards building a better Pakistan.

I heartily congratulate the graduates of 2012, who are being conferred their hard-earned degrees. Their parents, guardians and the faculty members of the University who made efforts to provide dedicated professionals of tomorrow also deserve recognition of their contribution to the achievement of the students. I also take this opportunity to record my appreciation for the administration and authorities of the University for making a significant difference in the educational outlook of the province.

Message from
Nawab Mohammad Aslam Raisani
Chief Minister Balochistan

December 2012 is an all important month for the students of Balochistan University of Information Technology, Engineering & Management Sciences (BUIITEMS) because the University is going to observe its 8th Convocation during this month. On this auspicious occasion, I extend my heartiest congratulations to the University for bringing hope and of spirit of goodwill to the province and also for producing skilled manpower to meet the challenges of the 21st century.

Since its establishment in 2002, BUIITEMS has secured the status of a leading academic institution in Pakistan offering excellent teaching facilities and research opportunities in an academic atmosphere conducive to meaningful learning. This being a special case considering the overall demography of Balochistan and the limitations it has. The performance of the University in this context has not only been promising but also has been stimulating for other HEI's of Pakistan. Whatever BUIITEMS, has achieved in the past ten years is remarkable indeed

I again extend my heartfelt felicitations to all the graduating students. I also congratulate the parents and guardians and the faculty members of the University as their efforts are acknowledged today through degrees being conferred upon these students. I also congratulate the Vice Chancellor BUIITEMS for making the University a forward looking institution.

Message from
Dr. Javed R. Laghari
Chairman, Higher Education Commission

It is with great pleasure that I extend my congratulations to BUIITEMS on the occasion of holding its 8th convocation which coincides with the completion of its 10 years of commendable and dedicated services to the cause of education in the country.

The socio-economic development of Pakistan and its people depends entirely upon the dedication and hard work of knowledge workers. I extend my warm felicitations on this occasion to the Vice Chancellor and learned faculty of BUIITEMS for being so dedicated to the cause of quality education. The universities in Pakistan are charged with responsibility of producing quality graduates who are fit to enter the domain of practical life and play their role in ensuring prosperity in our country.

One cannot remain oblivious to the fact that without scientific and technological development, Pakistan cannot march ahead and compete in a global economy. Therefore, we need to put in extra efforts for catching up with the developed countries within the shortest possible time and BUIITEMS promises to justify the confidence reposed by the nation in her. It is a model to be emulated by other educational institutions in the country.

I congratulate the Vice Chancellor BUIITEMS, for making the institution a premier seat of learning in such a short span of time. Attaining 4th position nationally in the field of Computer Science and Information Technology is a great milestone by BUIITEMS and net result of hard work and dedicated service of BUIITEMS workers.

In order to enable universities to achieve excellence in dissemination of knowledge in Science, Technology and Social Sciences, the Higher Education Commission has been facilitating institutions of higher learning and has enhanced their capacity to produce graduates to contribute intellectually and socially to the community.

All those responsible for furthering the cause of higher education in Pakistan must ensure that the end-product of our degree-awarding institutions possess the highest quality to lead the nation towards progress and prosperity. I hope BUIITEMS will, as an institution of higher learning, help in achieving the targets set forth in various spheres of activity.

Wish them success.

Introduction by
Engr. Ahmed Farooq Bazai
Vice Chancellor BUITEMS

The 8th Convocation of Balochistan University of Information Technology, Engineering and Management Sciences (BUITEMS), coincides with the completion of ten years of dedication and commitment in providing quality education to the youth of the country. It is a time when we can take stock of our services with feelings of fulfillment and triumph. Starting with a modest base of just 90 students admitted in two programs of study, the University today offers an imposing vista of multitudinous campuses where more than 6000 students are engaged in meaningful learning engagements under the guidance of more than 300 highly qualified and competent faculty members. BUITEMS is now acclaimed to be the trend setter in establishing innovative traditions of meaningful learning and enviable accomplishments in the fields of academic pursuits, research studies and administrative sleekness.

BUITEMS was established ten years ago with the basic objective of providing quality education in those disciplines which are the need of emerging professional fields. With the establishment of this University, modern educational facilities have been made available not only to the youths of Balochistan at their own door-steps, but to students from a number of neighboring countries as well. At BUITEMS, they learn to equip themselves with knowledge, skills and confidence to face and handle the challenges of contemporary professional life.

During the last ten years, BUITEMS has been contributing to the nation-building ventures by grooming students into culturally enlightened, academically sound, technologically well-equipped, professionally capable and competent man-power. BUITEMS alumni are valued as forward-looking and intensely research-oriented approach in their respective professional spheres. They are determined to lead and inspire their fellow workers with the zeal of reserving and extending the traditions of our great civilization.

BUITEMS is constantly in pursuit of our avowed objective of inculcating in our youth the traits of independent thinking, logical contemplation and intelligent decision making. Our ideals of quality and excellence in education are always adhered to by the administrative machinery of the

University, by the learned faculty and by the students aspiring for outstanding achievements.

BUITEMS visualizes a better future for Balochistan, for the country and for the world at large. We plan to give the world proud Pakistanis capable of achieving glorious heights while adhering to the values that bring about enlightened contemplation, logic-based approach, academic enquiry, peace and global harmony. Our aim is to inculcate the spirit of adopting education as a passion and lifestyle choice rather than practicing the pedantry of imparting only the academic knowledge.

We are highly indebted to the Hon. Chancellor/ Governor Balochistan, the HEC authorities and to all the well-wishers of BUITEMS for their sustained support in our mission of uplifting the socio-economic condition of Pakistan in general and Balochistan in particular.

Engr. Ahmed Farooq Bazai

In the name of **Allah**, the most Benevolent, the most Merciful!

Honorable Chancellor BUIITEMS, Governor Balochistan Nawab Zulfiqar Ali Magsi, Distinguished Guests, Members of BUIITEMS Syndicate, dear students and Parents.

Assalam-o-Alaikum!

It is my privilege and honor to welcome you all on the 8th Convocation of BUIITEMS, a yet another memorable milestone leading us in the direction of achieving University goals and its mission. Your participation today to share the smiles and joy of graduating students will go a long way in promoting University services and also own graduates students to acquire their future roles in the society. It involves efforts and a team work to groom personality of a student. The contributions and hard work of the learned BUIITEMS faculty, university administration, and most of all students and their parents deserves appreciation on this august day of congregation.

I congratulate the passing out students with prayers for their success in their professional life. This will be translated not only as success of their alma mater but also to the success and advancement of nation as a whole.

Honorable Chancellor!

I would like to thank you sir on behalf of all my team for your patronage and your unconditional support for the university. Your personal interest in promoting education provided us with clear road map to take this University to even greater heights. At this moment I would like to present a quick review of the performance of BUIITEMS.

Ladies and Gentlemen!

Besides holding this 8th convocation today, we are also celebrating the 10th anniversary of BUIITEMS. Ten years ago, the university

started with only 90 students enrolled in two programs of study. But today only after ten years more than 6000 students are being educated in 32 different programs of study.

Moreover our efforts at the University in these years have been decorated by many record achievements like, the university getting ISO 9000 international quality certification, BUIITEMS ranked 4th best university in the country in the Information Technology and Computer Science category by HEC, international recognition of the meritorious services of the University by global organizations in the form of World Education Congress Award, International Socrates Award and Asian Confederation of Businesses 'Visionary Leadership Award' and many others. All these recognitions and certifications are testimony of the dedication and commitment in our performance as a University.

Honorable Chancellor Sir.

The most important measure of BUIITEMS performance constituents are our graduates who find respect and acceptance not only in the professional spheres but also in our society as a whole. More than 3000 BUIITEMS alumni are creditably performing their professional role at national and International levels. In this time of global economic depression our students are getting jobs on account of strong educational training designed here to excel in professional assignments.

Honorable Chancellor!

Talking about the infrastructure development of the university, I may mention that constant attention is being paid to the construction and face up-lift thus as a result the University buildings today give more University like look which is significantly helpful for the conducive environment, personality development of students and in cultivating civilized behavior patterns.

All this is carried out utilizing available resources and staying within budget limits, keeping best models of universities in mind we strive to raise the image of our university to match the

international standards. The physical facilities, libraries and research laboratories are therefore, constantly being revamped and reinforced.

Respected Guests!

It is important to mention here that we very much appreciate the valuable contribution of the parents. Their constant support culminate not only in the success of their children but also is great source of strength for University. Today it is a happy day for all of us. It is a delightful feeling that your children are not only turned into grown-ups, but are also creditably educated. It must be a relaxing moment for parents like it is for us. I advise students to serve their parents and take care of them. Parents are the most important blessing in our lives.

Ladies and gentlemen!

It's important to mention the hard work of our faculty members as the success of our graduates could not have been possible without their efforts. We are fortunate to have among us highly qualified and competent teachers. In addition 72 young faculty members are pursuing higher studies abroad while another 20 are studying for higher qualifications in the national universities. Some of the faculty members have already rejoined BUITEMS after completing their PhD's from Japan, France, People's Republic of China and United States. I'm confident that within a short period, BUITEMS will have more than 100 PhD's on its faculty list.

Respectable Guests!

Corporate culture needs to be developed in Balochistan. Our students are fully equipped and have been taught how to be independent and generate employment, they will break through, and contribute significantly Insha-Allah, in the Socio Economic development of our region. At BUITMES we are trying to bridge the gap between the existing demands and available Human Resource. We believe in developing the students in a manner that they should not only be able to get jobs readily but they should

also become entrepreneurs who are more effective in developing society of employers.

Ladies and gentlemen!

BUIITEMS role is that of a torch-bearer in the region. The University is spreading optimism, restoring hope and guiding the youth to a prosperous and promising future. Our endeavors, in this respect, owe much to the patronizing support of the Hon. Chancellor, the HEC authorities and the provincial and federal governments. I thank them all from the core of my heart. I also thank all the respectable guests for gracing this auspicious occasion.

Pakistan Paindabad.

Senator (R) Syed Faseih Iqbal (H.I, S.I) Introduction

Senator (R) Syed Faseih Iqbal is the pioneering editor and publisher from Balochistan. His 'Zamana Group of Newspapers' publishes Daily Zamana (Urdu) and The Balochistan Times (English), which are the oldest newspapers of the province in their mediums with continuous publication of 59 years and 35 years respectively, as such he is the longest serving editor/publisher of the country. He has also presented a number of papers and made keynote addresses at various national and international events.

Syed Faseih Iqbal

He was elected as General Secretary of All Pakistan Newspapers Association in 1956, President Quetta Press Club in 1964, President All Pakistan Newspapers Society (APNS) 1985-86, President Council of Pakistan Newspapers Editors (CPNE) 1985-87, President Newspaper Editors Council of Pakistan (NECP) 1997, President CPNE 1999, Senior Vice President APNS 2003-04, Senior Vice President CPNE 2004 and President CPNE 2006-07. He is amongst the first members of the Press Council of Pakistan.

Along with holding high offices in national media organizations, he was elected as President of South Asia Editors' Forum (SAEF) in Hyderabad, Deccan for the term 2005-06 and has also served as the Chairman Regional Press Foundation, Chairman of COP Media Parliamentary Committee in 1988, member of the Commonwealth Press Union (UK) and International Press Institute (Austria).

In a long public service career, Syed Faseih Iqbal has remained an active member of top management of various national institutions. He is the founding President of Pak-China Friendship Association Balochistan since 1973. He has the distinction of being member Senate/Syndicate at three universities of Balochistan, and is also Member Executive Council of Allama Iqbal Open University Islamabad and Member National Committee, Sir Syed University of Engineering and Technology, Karachi. He has been actively engaged in various initiatives for promotion of academics and research in the country, has always advocated improved higher education in Balochistan and given altruistic personal, professional, moral and advisory support to educational institutions. He is member/trustee of Fatimid Foundation Pakistan, founding President of World Muslim Congress Balochistan chapter and President of World Youth Hostels Association Balochistan chapter. He has remained on the Board of Directors, Pakistan Broadcasting Corporation and Chairman Pakistan Education Foundation which was established by special orders of the Prime Minister in 1992 and which laid down policy procedures for establishment of first Women University in the country in Lahore, and is still in the Board of Governors of Nazaria-e-Pakistan Trust, Lahore. He has also established a charitable trust namely 'Balochistan Foundation Trust' for the development and advancement of Balochistan different spheres of life, especially focusing on education, research and publication of books on Balochistan's history, culture and heritage. To provide for office premises of BFT and to facilitate its functioning, he has also donated his personal residence in Quetta Cantt., valued at Rs.50 million, to the

Trust. The Board of Trustees of Balochistan Foundation Trust will soon hold its first meeting to chalk out work plan of the Trust. Presently, he is also Chairman of the Advisory Committee on Cultural Heritage Preservation, Government of Balochistan.

Syed Faseih Iqbal was elected as Senator for two consecutive terms in 1985-1988 and then 1988-1994. He Chaired many parliamentary committees including Standing Committee for Information and Broadcasting; Sports, Culture and Tourism, and Youth and Women Affairs. He was also nominated/elected as office bearer of a number of regional and international parliamentary organizations and actively participated in legislation and other parliamentary affairs. He made history by introducing parliamentary committees system in Pakistan after a thorough analysis of the system in the USA during a study tour. He has represented Pakistan on numerous international forums and visited a large number of countries as member state delegations, accompanying presidential entourage, heading parliamentary delegations and as a journalist. He has been well decorated in recognition of his distinguished services in the fields of journalism, public service and social service. He has been conferred upon 'Life Time Achievement Award' by APNS, 'Muslim Eminent Journalist Award' by Kingdom of Saudi Arabia, 'Pakistan Freedom Movement Gold Medal' by Nazaria-i-Pakistan Trust and 'Human Rights Award' by Human Rights Commission of Pakistan. In recognition of his meritorious services, President of Pakistan conferred upon him prestigious National Civil Award Sitara-e-Imtiaz (S.I) in the year 2005 and then the highest National Civil Award 'Hilal-e-Imtiaz' (H.I) in 2010, both times in three disciplines simultaneously – journalism, public service and social service.

Syed Faseih Iqbal has had strong fondness throughout his life for Balochistan, leading him to ideas, innovations and initiatives to serve the province in every possible way. This very passion made him the founding editor and publisher of Zamana Group of Newspapers 65 years back which has since grown from a nursery to a university of journalists in Balochistan, most of who are now leading names of media industry today. When there were no means of communication in the province, Daily Zamana was the only source of news, knowledge and public awareness. It is also a distinction that the first English daily of the province, The Balochistan Times Quetta, was inaugurated by no less the then Prime Minister Zulfiqar Ali Bhutto in 1976 on the historic day when Mr. Bhutto announced abolition of Sardari system while addressing a grand public gathering in Quetta while standing aside and holding the hand of the then Governor Balochistan, Khan of Kalat on the stage.

Ever since its inception, The Balochistan Times has remained the torch bearer of principled journalism not only in Balochistan but also in the country and has never compromised on national issues and principles. Syed Faseih Iqbal introduced the concept of social service through newspapers – publishing free of cost ads of charitable causes, running news campaigns against social taboos, creating awareness among masses on important national issues, promoting Balochistan's cause, its interests, culture, civilization and advocating for its rights. He is widely hailed as Balochistan's Ambassador-at-large as he has effectively raised voice for Balochistan's cause at all forums.

Award of Degree:-

- **Honorary Degree of Doctorate of Philosophy**

Address by the Chief Guest **Nawab Zulfqiar Ali Magsi, Governor Balochistan**

Vice Chancellor BUITEMS, Members of BUITEMS Senate, Passing out graduates and their parents, ladies and gentlemen, Assalam-o-alaikum!

This is the fourth time I am participating in consecutive sessions of Convocations of BUITEMS. Every time I come here it gives me a sense of fresh optimism and assurance about the future. It is heart-warming to note that this university has developed into a prestigious institution in respect of provision of quality education in disciplines like Information Technology, Engineering, Biotechnology and Management Sciences. BUITEMS quality of out-put and her renown as a premier institute of learning has been spreading around day by day. All those associated with the rise of the University deserve to be complimented. It is due to their dedication and commitment that the University has recently achieved enviable distinctions.

Ladies and gentlemen!

Education is the essential basic need for development of today's society, where the survival for the fittest is the concept to survive. Neck breaking competition and the enormous variety of subjects has also increased the burden on our students but we have to face the world and there is no solution to the dilemma other than adopting international standard of quality education. We have to be technically advanced and intellectually awake for getting rid of the vicious circle of debt and dependence on others. We have to compete with the world and the only option is to educate our people on modern lines.

Respectable audience!

There is no doubt that conditions in our region are a bit disturbed in respect to law and order. We are trapped in the snare of international interests of different powers in our region. To be the front line state against the war on terrorism, ours was the region which literally faced the impact. This did not only affect our law and order situation adversely but has had a negative impact on our economy, social life and development mechanism, too. Peace

is the secret behind economic growth which we are striving for and INSHALLAH we will achieve very soon.

Ladies and gentlemen!

Owing to Balochistan's unique geo-political location, this province stands as the gateway to all Central Asian states; it is the only land link possible from Gawadar through Afghanistan to all independent states. The time is not far away when we will be operating our business routes. Discussing this point over here is important because we should be prepared for that time. There are immense prospects of physical and economic growth. There is going to be enormous demand for educated, capable and competent manpower for handling the new developments. Our available human resources should be able to match with the expected growth of business and industry when the time comes.

Dear Graduating students!

I am sure most of you are updated about the geographical location of Balochistan and the assets we possess in this region, starting from coal, chromite, copper, natural gas and what not. This region is extremely rich but our real asset is you people; who will be developing the nation tomorrow; who will be utilizing these resources in the best interest of economic development and ultimately social development of our country. We have full trust and confidence in your capabilities. You are equipped with all educational and moral requirements to take the responsibility and fulfill the cherished desires of our nation. Wish you all the best in your future.

Now I would like to talk about the parents of Graduating students. I respect all parents who pay so much attention for the educational development of their kids. Sometimes it's so difficult for the parents to manage the education of the new generation. BUIITEMS is a blessing for the people of Balochistan. Previously there was no such opportunity and it was not possible for all the parents to send their sons and daughters to other cities for education in discipline of contemporary importance. I congratulate parents of graduating students who are passing out today.

Mr. Vice-Chancellor!

I look at your marvelous achievements and the efforts of your team with appreciation. You are working hard to maintain and enhance the standards of education at BUIITEMS. I know the real art is maintaining the standards. It's not difficult to make up a building or a system but maintaining it is the real issue. Keeping in view all budgetary constraints and your management needs, maintenance of the tempo of development on the campuses is really a yeoman task. I compliment you on marvelous accomplishments.

Coming to the future aspects for students in Balochistan, we are trying our level best to fulfill the infrastructural needs of industry to flourish here. It will help create jobs in all sectors. It's not possible for the government to provide jobs to every individual. We should have alternative ways in this regard. Corporate sector is being encouraged to enhance their business structures in Balochistan, so that slowly and gradually we can find the track of development which we missed out due to disturbed law and order situation..

I am sure we are getting benefit from the students and faculty exchange program. We need to retain qualified human resources and our people should also understand that this soil has so many rights on them and they should fulfill the obligations reposed to them by the country. I am sure the exchange program is helping us in promoting and polishing our education culture.

I thank you Mr. Vice Chancellor, for giving me the opportunity of being a part of the celebrations today. BUIITEMS has emerged as a symbol of hope, as a mark of success and as a proof of commitment and sincerity of purpose of you and of your colleagues. I once again extend my warm felicitations on your remarkable performance. I assure you all kinds of financial and moral support in your future efforts. I hope your dedicated and quality services to the nation will continue un-abated in future, too. I wish you greater heights of standard and success.

THANK YOU. Pakistan Paindabad.

DUA'A

*** Announcement:**

We bow our heads in gratitude to Allah Almighty for the blessings of the fruition of our endeavors and dedication in the pursuit of knowledge. May Allah lead all of us on to the path of righteousness and virtue and guide us on the way of utilizing our knowledge in our practical lives. May further honor and glory come to the recipients of degrees today and may they serve the nation and the country in true spirit of faithfulness.

Allah! Inspire these young men and young women with the earnest desire of expanding their knowledge further and give them the capability of contributing positively to their respective branches of study. Allah! mould their minds and hearts according to the teachings of Islam and make them follow the path of truth with zeal and determination. Ya Allah! Inculcate in the minds of these young men and women, the sense of gratitude to their parents, to their teachers and to the Country, which nourished them physically, intellectually and spiritually.

Allah! Endow them with the qualities of humility, simplicity and patriotism and make them aware of their weaknesses, so that they may be able to shun their shortcomings. Allah! Grant them success in every field they go to and make them beacons of light for the succeeding generations of students. Allah! We request thee to shower renown and repute on our University and grant her greater powers to continue spreading light and truth for all times to come. 'Ameen'.
