

Step-by-Step guide to connect CMS and Digital Library through VPN

Note:

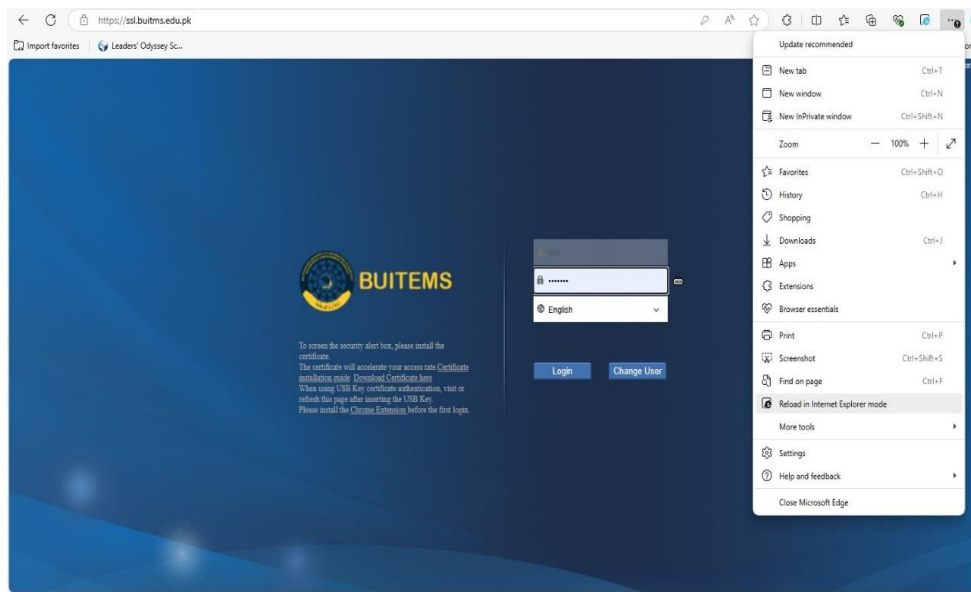

It is recommended to use  Windows 10 and Internet Explorer  as your browser. However, Windows 11 is also a compatible operating system.

Step-1

Open Internet Explorer and type <https://ssl.buitms.edu.pk> in address bar and press enter on keyboard

By Default, Edge Browser Opens, go to Edge browser and click on three dots on top right of edge then select and click on “Reload this page in Internet Explorer Mode”.

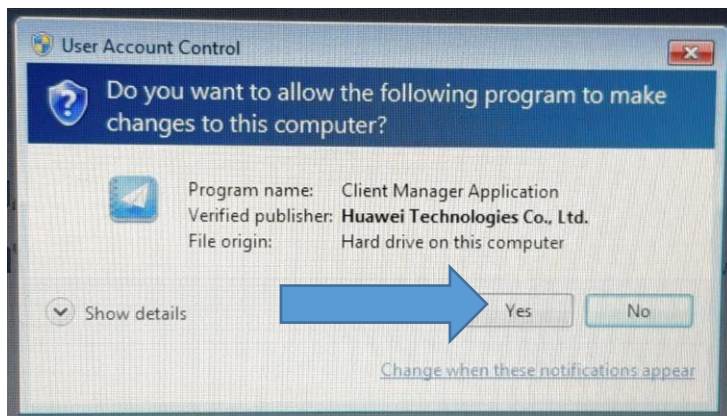

Step-2

Enter your user name and password (same as you use in CMS / BUITEMS Smart University Wi-Fi) and press Login button.

Step-3

A prompt will appear on your screen, please click you to install application.

Step-4

You will be directed to BUITEMS Web VPN (Virtual Private Network) page.

Now follow the sequence:

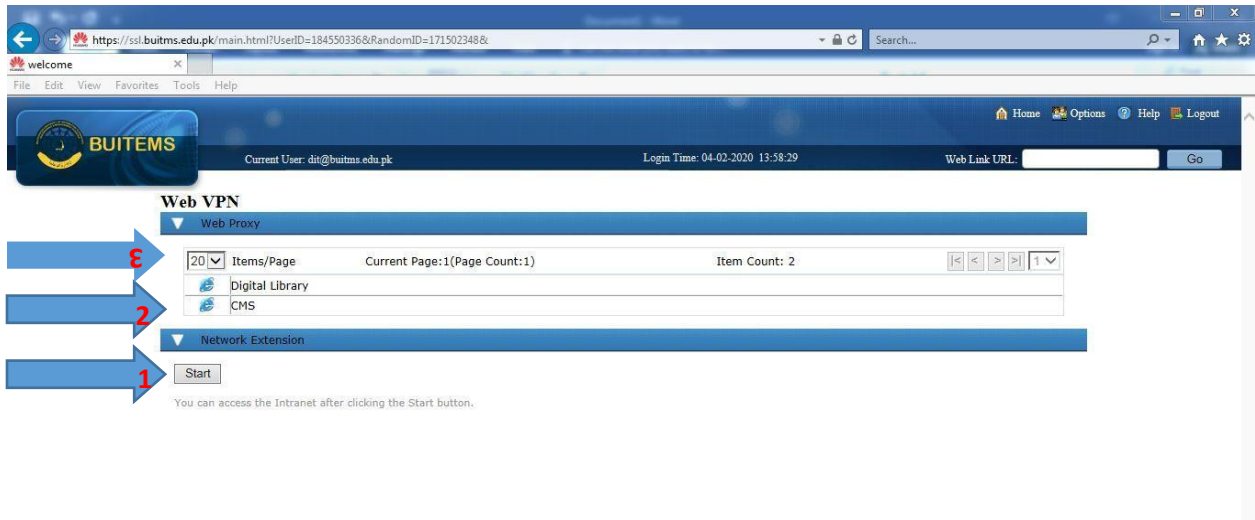

1. First, click Start button to start network Extension Service.
2. Once the service is started, then click on CMS or Digital Library tab.
